W. C. T. U. CONVENE

Thirty-Fourth Annual Coavention at Nashville.

600 DELEGATES ON HAND

Convention Was Called to Order by Mrs. Lillian M. N. Stevens of Portland, Me., the President—Encourage Temperance Reports.

Nashville, Tenn., Nov. 9—At 9:30 o'clock Friday morning the thirty-fourth annual convention of the National Woman's Christian Temperance union was called to order in the First Presbyterian church, this city, by its president, Mrs. Lillian M. N. Stevens, of Portland, Me.

Between five and six hundred delegates were in their seats when the president rapped for order. They are here from every state in the union, several negro women being among the number.

The last W. C. T. U. convention held in Nashville was twenty years ago this month. After organization, the report of the executive committee and the appointment of committees, the president delivered her annual address.

Following the delivery of the president's address there was an evangelistic hour held, presided over by Miss Elizabeth W. Greenwood, national evangelistic superintendent.

The session Friday afternoon was devoted principally to the hearing of committee reports and reports of the corresponding secretary and treasurer. The two last reports were of a highly encouraging nature, and show the union to be in a flourishing condition.

After the reports were read "the royal temperance legion branch" was discussed by Miss Maraget Wintreger, of Illinois, the general secretary. Then followed ten-minute addresses by the various superintendents.

Several elaborate social functions have been planned by the ladies of the city in honor of the visiting W. C. T. U. delegates.

LITIGATION OVER ESTATE.

Decision Rendered in Orphans' Court at Philadelpnia.

Philadelphia, Nov. 9—The orphans' court of this city has decided that Dr. Thomas W. Evans, the famous dentist who died in Paris several years ago and over whose estate there has been much litigation was a Parisian, and that the state of Pennsylvania has no right to collect the collateral inheritance tax on the property located in France.

The proceedings brought by register of wills, Mr. Irwin, raised the question of residence of the dentist and involved the collection of the 5 per cent state tax on upward of $1,000,000 of the $5,000,000.

Dr. Evans was originally a resident of Philadelphia and register Irwin contended that he had never announced his intention of permanently residing in Paris.

GOT $3,500 FROM BANK.

Bandits in Dakota Make Haul and Escape with Booty.

Canova, S. Dak., Nov. 9.—Seven armed bandits early Thursday blew the safe in the Interstate bank and secured $3,500. They made their escape.

While two bandits worked at the bank the others guarded the streets. The occupants of a hotel were aroused by the explosions, but the robbers opened fire and drove them back, threatening to kill the first man who appeared. The hotel was riddled with bullets.

Where Bliss were burning in the houses, the bandits, at the points of guns, forced the owners to extinguish them.

Portland Bank Engages Gold

Portland, Oreg., Nov. 9—The First National bank of this city Tuesday engaged 200,000 gold in London. This makes nearly $1,000,000 that this bank has secured within the past few days.

IMPORTANT DEAL.

Passing of Control of Tennessee Coal, Iron and Railway Company.

Baltimore, Nov. 9.—Referring to the importance to the south of the passing of the control of the Tennessee Coal, Iron and Railroad company to the United States Steel corporation, the Manufacturers' Record in this week's issue says:

Two years ago, when the control of the Tennessee Coal, Iron and Railroad company passed from the ownership of the people who had dominated it for many years to a pool composed of John W. Gates and his associates, a great step forward was made for the development of the iron and steel interests of Alabama. The new ownership immediately commenced to carry out on a large scale plans for an increased output of iron and the doubling of their steel rail capacity, involving an outlay of a good many millions of dollars.

Important to the south as was this transfer of ownership, it is of still greater importance that another step forward has been made. Now that the steel corporation has secured control of the Tennessee company, the world will be assured of the development of the iron and steel interests of Alabama on a scale commensurate with with the natural advantages of that state. Backed by the vast resources in money, brains and energy of the Steel corporation, the Alabama district with it practically limitless resources of coal and iron, ought to leap forward into a far more commanding position than ever before in the world's metallurgical affairs. For, good business reasons, as well as public policy, will compel the Steel corporation to make the most of the advantages of Alabama for iron and steel prouction. The recent report of President Topping, of the Tennessee company placed the known iron ore resources of that company at 700,000,000 tons and the coal at two billion tons. This is about as much iron ore and several times as much coal as the steel corporation owned when it was organized. Here is a wealth of resource in raw material needing but the magic wand of ample capital to enable Alabama to take its rightful place as one of the foremost centers of the world's iron and steel production.

REPORT ON COTTON.

Census Bureau's Figures on Amount Ginned to Nov. 1, 1907.

Washington, Nov. 9.—The census bureau has issued its bulletin showing the total cotton crop of this year's growth ginned up to Nov. 1, to be 5,167,600 bales as compared with 6,906,395 bales for 1906.

The figures are the result of the investigations of the special agents of the bureau which, in addition to the figures given, show that there were 26,135 ginneries in operation as compared with 27,370 for 1906. In the computation round, bales are counted as half bales.

Austria Issues Warning.

Vienna, Nov. 8.—The government has issued a warning against the agents who at present are so busy inducing Austrian and Hungarian emigration to the southern states of America. An official circular on the subject calls attention to the alleged peonage system in that part of the United States and recommends people who contemplate emigrating to be very cautious and not to follow the advice of the emigration agent until reliable guarantees are forthcoming regarding the prospects for emigrants in the southern states.

Taft Leaves Manila Saturday.

Washington, Nov. 9.—Cable advices received at the war department confirm the dispatches from Manila of Secretary Taft's intentions to return to the United States by way of Asia and Europe. Secretary Taft will leave Manila Saturday on the flagship Rainbow of Admiral Hemphill's squadron for Vladivostok.

Calls Republican Meeting.

Atlanta, Nov. 9.—Chairman Thos. M. Bleckley of the republican state league, has issued a call for a rally to be held at Turner's Liberascle on the night of Friday, Nov. 22. A number of speakers will make addresses.

MAKES NEW RECORD

Lousitania Crosses Ocean In 4 Days, 19 Hours, 10 Minutes.

BEST DAY'S RUN 617 MILES

Giant Cunarder Has Reached New York with a New Record Written In Her Log Book and $10,000,000 In Gold in Her Strong Room.

New York, Nov. .—With ten millions of gold in her strong boxes and a new transatlantic record written in her log, the Cunard turbiner, Lusitania, steamed past Sandy Hook lightship at 1:40 o'clock Friday morning.

In one grand performance the great vessel broke her own world's record and brought to the relief of the money market here $10,000,000 in gold.

The westbound trip was made approximately in four days, nineteen hours and ten minutes. The exact time can only be known from the official record. Her hourly average was a little better than 24 knots an hour, and she has probably beaten the record about 40 minutes.

The former western record of the turbiner, completed Oct. 11 last, was four days, nineteen hours and fifty two minutes. The average speed on that trip was 24 knots an hour for the distance of 2,788 miles. The best day's runs was 617 knots.

HOARDED MONEY.

Millions Leave Hiding Places, Relieving Financial Stringency.

New York, Nov. 9.—The magnet of high premium rates for currency is attracting the money hoarded by depositors in steel vaults and strong boxes, and within the last two days over $3,000,000 has been enticed from its hiding place and sold for a premium to money brokers. The placing of these large amounts of hoarded currency in circulation is performing its important part in lessening the monetary stringency.

The falling off of the premium rate for currency from 3 1-2 to 3 per cent was brought about by the large amount of gold and silver that was taken from safe deposit vaults and offered for sale. Purchases of currency were generally for out-of-town account, and brokers state that currency bought here is being shipped to agricultural and industrial centers, where it is most needed.

Over a million dollars was drawn from depositors Thursday and sold to money brokers. Safe deposit companies report a steady stream of people visiting the vaults to withdraw funds.

Farmer Robbed While Asleep.

Columbus, Ga., Nov. 9—J. L. and W. J. Robinson, farmers of Marion county, reported to the police Thursday morning that the former had been robbed of a sum of money while he slept during the night. He described the man, and soon an officer arrested Will Benson. He was bound over to the superior court in a bond of $50.

Price of Seats Drops

New York, Nov. 9.—A seat in the New York stock exchange was sold Thursday for $80,000, the lowest price recorded since the year 1904, when a seat brought $57,000. The high record price was reached late in 1901, when a seat brought $95,000, and a sale for a like sum was recorded in the early part of 1906.

Church Built in 1729 Burned.

Montreal, Nov. 9.—The Roman Catholic church at Longue Pointe, built in 1729, burned Thursday night. Loss $75,000, with $16,000 insurance. The church contained a valuable set [illegible] from France at the time the church was built and this was lost in the fire.

Laying Keel of the Delaware.

Norfolk, Va., Nov. 9—At the Newport News shipyard Tuesday work was begun on the laying of the keel of the 20,000-ton battleship Delaware. The craft is to be delivered to the government in 1910 and will be launched in about two years.

RAILWAY CASUALTIES.

Number of People Killed and Injured In One Year.

Washington, D. C., Nov. 9—The interstate commerce commission bulletin on accidents on the railways of the United States during the year ended June 20, shows total casualties 81,286, or 5,600 killed and 76,000 injured, an increase of 10,352 casualties, or 775 in the killed and 9,577 in the injured, as compared with the previous year. The figures include only accidents to passengers and to employees while actually on duty or about the trains.

The bulletin says that there have been heavy increases in all items except in car coupling and from striking against overhead obstructions. The number of passengers killed and injured in collisions and derailment has increased to an alarming degree. In this item the very large total reported in 1895 is now exceeded by 17 per cent.

The report for the last quarter included in these figures for the year embracing April, May and June, shows 1,065 persons killed and 18,646 injured, 1,806 collisions and 1,971 derailments, involving $3,232,673 damage to trains and roadway.

RUSSIA TAKES IT SERIOUSLY.

Believes United States and Japan Will Come to Hostilities.

St. Petersburg, Nov. 1.—The talk of the possibility of a war between the United States and Japan, which throughout has been taken seriously in Russia, is bringing many volunteers to the American embassy who say they are anxious to serve in the United States army in case of hostilities.

A report is also circulating in military circles here that the American army in the Philippines needs instructors, especially for the artillery and engineer corps. Five or six Russian officers of these branches of the service apply daily at the embassy for commissions and are disappointed by the assurances that there is no likelihood of Japan and the United States going to war.

DECLARED ILLEGAL.

Five Thousand Chicago Couples Declared Illegally Wed.

Chicago, Nov. 9.—Five thousand marriages of Chicago couples which have been performed in Hammond, Ind., within the last five years, were declared to be illegal in an opinion rendered at Hammond by Attorney Bomberger to Ernest L. Shortridge, clerk of the circuit and superior courts.

In his opinion he holds that licenses issued by the superior court of Lake county, located at Hammond, are issued without legal authority and that the only court of Lake county, which is empowered to issue licenses, is the circuit court at Crown Point.

Pride Stood in Way of Fortune.

Norwalk, Conn., Nov. 9—John Harding, to whom P. T. Barnum offered $5,000 a week to exhibit himself, is dead here. Harding's pride would never permit him to place himself on show and so while he might have amassed a considerable fortune, he died poor. Harding was 43 years old, but he was no bigger than a normal two-year-old baby. His arms and legs were gnarled and twisted and from the moment of his birth they were in unceasing motion.

To Lay New Cable Line.

Mobile, Ala., Nov. 9.—A cable from Mobile to Cuban ports is what is proposed by J. H. Waterbury, general superintendent inspector of the Western Union Telegraph company, who is in Mobile. Mr. Waterbury says that negotiations are already under way for the laying of the cable but further than this he will say nothing. At present the cable business to Cuban ports from Mobile goes by way of New Orleans.

$15,000 Fire at Oneonta, Ala.

Oneonta, Ala., Nov. 9—Fire which broke out shortly after noon Thursday in the Guthrie hotel destroyed the hotel, ten stores and a livery stable before it was controlled. The loss is estimated at $15,000, with little insurance. The houses will be rebuilt.

FATAL CHICAGO FIRE

THE C. E. UNION.

Has Adjourned After a Most Delightful Session in North Gainesville.

The North Central Christian Endeavor Union met in session in North Gainesville half November 7 and 8, 1907.

This district is composed of the five counties of Alachua, Levy, Columbia, Sewannee and Bradford. It is a large field, but as yet not well organized. All the societies in the district were represented except Campville. All the sessions were enthusiastic and very helpful, and were well attended. The delegates were most happily entertained by the North Gainesville Society.

State President Winnard of Tampa, and State Secretary Miss Grace Townsend of Interlachen, did most helpful service in the convention.

State President Winnard announced that, in accordance with plans decided upon at the State convention at Lake City last April, a handsome and costly banner was now being made in Tampa to be given to the district organizing the most new societies, this year, in proportion to the number of societies then in each district. The officers elected for the ensuing year are as follows:

President, Rev. M. G. Richard, Lake City; First Vice-President, Henry Ramsey, Gainesville; Second Vice-President, C. H. Ferran, Lake City; Third Vice-President, Mrs. S. Kirchain, Cedar Key; Treasurer, Miss Percie Fuiks, Lake City; Lookout Committee, Miss Bruce, North Gainesville, Norman McRoy, Campville, Mrs. Ellzey, Cedar Key; Junior Superintendent, Mrs. F. P. Henderson, Gainesville.

Miss Emma Y. Hughes of Tioga, who could not be with us on account of sickness, was heartily and unanimously re-elected corresponding secretary.

FUNERAL OF MRS. DENNIS.

Funeral Was Largely Attended by Numerous Friends of Deceased.

The funeral of Mrs. A. M. Dennis, the sad and sudden death of whom occurred in Jacksonville on Thursday afternoon, was held from Holy Trinity Episcopal church at 2 o'clock Saturday afternoon, and was largely attended. Rev. Francis H. Craighill, pastor of the church, officiated, and his tribute to the deceased was one as beautiful in language as it was touching to the hearts of friends and consoling to the bereaved family.

The members of the Woman's Guild, of which deceased was a devoted member, were present in a body, as was also the members of Gainesville Lodge No. 990, B. P. O. E., of which order the sons of deceased are members.

The funeral decorations were numerous and beautiful, especially the piece contributed by the Elks.

A large crowd followed the remains to their last resting place in Evergreen cemetery, where the last sad rites were held.

To the bereaved family of the deceased the sympathy of all friends is extended.

THE CIRCUIT COURT.

Fall Term Will Open Monday—Docket Not as Heavy as Usual.

The fall term of the circuit court of the Eighth Judicial Circuit, in and for Alachua county, will convene in this city Monday, Judge Wills presiding.

There are a great many cases on the docket to be disposed of, among which is the celebrated Strobhar case, with which the entire State is familiar. The list of criminal cases, however, is slightly diminished, the docket having been almost cleared at the last session of the court, thus decreasing in a large measure cases which have for years, in some instances, been carried over from term to term. The civil docket is large, however, and it is expected that the court will be in session as usual for two or three weeks. The spring session of the present year was one of the largest ever known in this county, occupying a month.

MAN AND WOMAN ARE IN TROUBLE

Secured Money Which Was Found and Refused to Give It Up.

THE AMOUNT WAS LARGE

$515 Was the Aggregate, and When Parties Were Apprehended Only a Small Portion of the Money Could be Secured—Parties Are In Jail.

Alleging the holding back of a sum of money amounting to $515 belonging to Sampson Jones, a negro employe of J. L. Medlin & Co., Meredith, and lost by Jones' wife at the Seaboard depot Wednesday morning, Thomas Moses and Dina Davis are held in the county jail here, having been committed in default of bond in the sum of $500 and $300, respectively.

Moses found the money, which he does not deny, and took it to the Davis woman, whom he states gave him $100 and kept the balance.

When arrested the officers secured $150 of the money between them, but it was impossible to discover where the money went.

Steps for Permanent Peace.

New York, Nov. 9. Dr. Policarpo Bonilla, former president of Honduras, who is one of the republics delegates to the Central American peace conference to open at Washington next week, is staying at the Waldorf-Astoria. Dr. Bonilla said that he hoped the Washington conference would result in a permanent peace in Central America and that Honduras would do all in her power to facilitate that hoped-for consummation.

A Good Liniment.

When you need a good, reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by all druggists.

Cholera on the Decrease.

St. Petersburg, Nov. 9. Cholera is everywhere on the decrease in Russia owing to the influence of the cold weather and the danger this year is regarded as being over. It is considered certain, however, that cholera will break out again in localities next season and a conference has been called to meet in St. Petersburg to discuss preventative measures.

ALGER HAS PLUM FALL IN HIS LAP

Appointed Postmaster of St. Augustine to Secured Richie.

COL. CHUBB FROM WASHINGTON

Chairman of the State Central Republican Committee Would Have Nothing to Say, But It Leaked Out That Alger Got a Juicy Plum.

Hon. Henry S. Chubb, chairman of the Republican State Central Committee, returned Saturday night from Washington, where he was summoned several days ago on important business.

Col Chubb, who stands very near the President and Republican affairs genefally, had nothing to say regarding his visit, but it leaked out simultaneously upon his arrival that Hon. Geo.A. Alger has been appointed postmaster of St Augustine to succeed Postmaster Ritchie, recently deceased. The appointment was approved by President Roosevelt Saturday.

Mr. Alger is a man of prominence in St. Augustine, and has for the past two or three years been collector of customs of that port. He was also city clerk for a number of years.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. PARK CLOSES ENGAGEMENT.

After Week's Fine Success Here Will Leave for Ocala Today.

After a week's successful engagement, with the production of that popular comedy, "Charlie's Aunt," the C. W. Park Company closed Saturday night, and will leave for Ocala today, where they will make a one-week stand.

Without exaggeration, it may be truthfully stated that this aggregation is the most popular which ever appeared before a Gainesville audience. Not only their plays, but the members of the company, from the proprietor down, are personally popular, and enough is said when it is stated that the players are as popular as the plays. Every night during their week's stay the big tent, which has a third more seating capacity than the tent of last year, was well filled, and Mr. Park naturally feels proud of the reception extended him.

One of the cleverest fellows in the world is Al F. Harris, the stage manager. Mr. Harris has troubles of his own, as will be appreciated by the fact that he is responsible for all the stage settings, the effects, etc., but he has time to be clever with all these troubles, and The Sun is under obligations to him for many courtesies.

LETTER TO PROF. W. S. CAWTHON.

Gainesville, Florida.

Dear Sir: Here's another problem for those arithmetic and algebra scholars:

If Devoe is worth $1.75 a gallon, and spreads a half further than average paint, and wears twice as long, what is average paint worth a gallon put on, painters' wages being $3.50 a day and a day's work a gallon of paint?

The answer is minus $1.75 a gallon. That is: you could afford to paint with average paint if somebody gives it to you and pays half the painters' wages.

Yours truly,

F. W. DEVOE & Co.

P. S.: The S. J. Thomas Co. sell our paint.

Indicted for Felonious Assault.

Macon, Ga., Nov. 9.—Cornelius O'Connell and W. W. Walthall, of Macon, were indicted by the grand jury on charges of assault with intent to murder. It is claimed that O'Connell tried to kill Patrolman Cooley and Oliver Walthall attempted to end the life of Oliver Wilder. Both men have been out under bond since their arrest. The two are to be tried before Judge W. H. Felton during the present term of the superior court in Macon.

Russ Grafter Convicted.

St. Petersburg, Nov. 9.—M. Gurko, vice minister of the interior, who was implicated in the great grain scandal during the famine relief operations of 1906 and who was placed on trial before the senate as a high court of justice, has been found guilty of malfeasance, sentenced to dismissal from office and ordered to make restitution to the amount of over $250,000. Through an illegal contract M. Gurko made a deal with an irresponsible individual named Lidvel to supply all the grain to the famine-stricken provinces and advanced him $400,000 without security.

THE DANGER OF IDLENESS.

When one notes the presence of so many idle youths loafing about the street corners at all hours of the day and night, with no object in view for the guidance of their future destinies, it is no wonder that the jails and convict camps are so full of youthful prisoners. This state of affairs exists not only in Gainesville and in Florida, but in these "modern" times the practice seems general. It is a deplorable fact that a great many parents do not manifest the proper surveillance over their children, permitting them to run at large, like cattle, going and doing at their pleasure. Some day some of these boys are going to prove as thorns in the hearts of those who have been responsible for them during childhood—but then it will be too late.

Statistics show that two-thirds of the convicts in America's prisons are men without trade or profession. A glance into any of the convict camps of this State, it is said, will show that at least one-third the convicts confined therein are young men, and that the majority of them are nothing more than graduates of street-corner loitering with no knowledge of a trade whatever.

It is also interesting to state that comparatively few of the younger criminals are illiterate. There is proportionately only a few who cannot read and write; but almost without exception it is noted that the youthful class of criminals are young men who have not applied themselves to useful honest work.

It is a duty the parent owes his [illegible] to train him in a life of usefulness, instead of incouraging idleness, which in many instances will bring about nothing but destruction.

COMPLIMENT TO M'BEATH.

The current number of The Public School Journal, published in Cincinnati, pays Tom McBeath the following well deserved compliment:

The September issue of The Florida School Exponent contains the valedictory of Tom F. McBeath. We're sure our brethren of the educational press are sorry because of it. For fourteen years McBeath has been a welcome monthly visitor to the sanctums for The Florida School Exponent. McBeath. The teachers of Florida must feel bereaved, for it was more to them than the editor of their school paper. It was their warm friend and all the better friend because he was won't to [illegible] foolishness of all kinds. He goes to Columbus, [illegible] the department of [illegible] the State School [illegible] congratulate said [illegible] his services. As [illegible] know that he will in [illegible] be did in Florida. [illegible] beams of truth and [illegible] of love twisted to [illegible] on with a sweet [illegible] they will or not."

[illegible] advertised prices of what you want to buy. You may not be as poor as you think you are.

REGARDING 'POSSUMS.

The Atlanta Constitution says: President Roosevelt's eulogy of 'possum meat as one of the rare gustatory delights he encountered on his recent invasion of the canebrakes of Louisiana, has struck a vibrant chord in the breasts of Southern editors, many of whom are qualified to bear personal testimony to the accuracy of Mr. Roosevelt's observation.

"Marse" Henry Watterson meanders through a half column prose poem in The Courier-Journal, in which he views the President's declaration from every angle and then says:

"The finest 'possums on earth are found in the woodlands of the Pennyrile district of Kentucky, and they reach perfection about the time the perfumed pawpaw becomes so ripe that it falls from the parent stem and reposes in all its golden beauty in the orange-tinted leaves that the earth has first claimed as tribute from the trees for her enrichment."

We have no desire to mar the serenity of "Marse" Henry's dream, nor have we an overweening desire to draw his radiant pen in our direction in an iridescent defense of the Kentucky 'possum.

We had a controversy regarding the mule on our hands for several months, and one hard-fought campaign in natural history lasts the ordinary newspaper a decade.

But we cannot refrain from defending the supremacy of the Georgia 'possum over that of the specimen from Kentucky, Alabama, Grand Old Texas, or any other of the American States.

The "finest 'possums on earth" are, undoubtedly, found in South Georgia. After the fun of catching them—fast, furious fun, too!—comes the joy of preparing and eating them. Done to a brown turn, with the gravy dripping hot and savory from the ladle, and the 'taters garnishing the whole—well, there simply can't exist any other dainty more tempting to the palate of the epicure.

If "Marse" Henry wants a delightful surprise in the line of 'possum supremacy, just let him waft gently down this way! He might come, too, before the first of January.

THE TOURIST SEASON.

The average Floridian, especially those who own and manage hotels and boarding houses, are rejoicing over the early tourist season this year. The season has already virtually begun, and the railroad trains Southbound are the heaviest known for this season for many years. This is especially true of the trains of the Atlantic Coast Line and the Seaboard South to the West Coast, and every train passing through Gainesville is crowded to its fullest capacity.

As another evidence the transportation managers anticipated an early rush Southward, the Atlantic Coast Line several days ago inaugurated its winter parlor-car service on the Jacksonville-St. Petersburg run, nearly a month earlier than usual.

Indications are that travel will be heavy the coming season to all parts of the State. Gainesville and this section will get their share, as numerous inquiries have been received from various points in the North from people who have never visited the State before, and having been interested in matters advertising this city, have written letters to friends and real estate firms here. The city is better prepared to take care of visitors now than ever, however, as we have two first-class hotels and numerous boarding houses of good capacity.

The influx of Northerners who have been making Gainesville their winter home, some of them for years, has begun also, and many have already arrived and are pleasantly quartered.

In all, Florida is going to enjoy an early and continued tourist season which will run up to late in the spring.

SEA ISLAND COTTON.

Good Demand Developed During the Week at Savannah.

Savannah, Ga., Nov. 9.—A good demand developed during the past week for Sea Islands, and sales were larger. Top grades were in scanty supply, and consequently held firm. Lower grades, which were in over supply, were reduced in price, and thus met the demand, and to a considerable extent, relieved the market. A good deal, over 1,000 bales of extra choice is unsold, but apparently in request.

The ginners' report showed that up to November 1, 33,294 bales had been ginned this year against 21,706 bales last year, and 49,161 bales the year before. Otherwise no new developments came out, except that reports from South Carolina and Florida continue to show some failing.

Conservative opinion seems to be setting upon 85,000 bales as the present indication of the total crop.

BURNING THE YULE LOG.

A Survival From the Adoration Once Offered to the Sun.

In some parts of Germany the Yule log is placed on the hearth on Christmas eve and if possible kept burning for two or three days. Then a piece of it is laid aside for the purpose of lighting the next year's log and of guarding the household from harm. Pieces of fir wood charred but not quite burned out in the Christmas fire are also placed under the family bed in some German villages to avert the dreaded lightning stroke, which appears in this relation to be the type of fire in its evil aspect, in contradistinction from the solar orb, the representative of beneficent light and warmth. The custom of burning a Yule log for three days and nights in each homestead is almost certainly a survival from the adoration once offered to the sun at the winter solstice.

Three centuries after the Christian era sun worship was still maintained in Brittany, and in Normandy not more than 100 years ago the household fire was extinguished on Dec. 24 and the Christmas log was ignited by the aid of a flame procured from the lamp burning in the neighboring church. This fact affords a curious instance of the probable transference of respect and reverence from the sacred fire of a purely heathen creed to the ecclesiastical lights of Catholicism. When the pagan rites for procuring unsullied fire were forbidden or fell into desuetude the ideas to which they owed their origin and development, instead of perishing, continued to exist more or less perfectly by attaching themselves to usages and ceremonies having no direct association with them.

Colds and Cologne.

Grip and colds, according to a French physician, will yield if met at the very beginning with a copious supply of the best cologne. Pour the cologne into a handkerchief rolled to a funnel and inhale the fumes steadily every two or three minutes. After a burning sensation has been experienced one may wait ten or fifteen minutes before taking another sniff. If the bad symptoms have not subsided after twelve hours of this remedy it shows that the malady was too far under way.

CATARRH A SERIOUS FAR-REACHING BLOOD DISORDER

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noises in the ears, the continual "hawking and spitting" difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and the system upset and deranged. Frequently the kidneys and bladder are attacked, and the constant passage of impure blood through the lungs, diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter and at the same time building up the entire system. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has no equal as a cure for this disease. It refines and purifies the entire circulation and repairs the damage done by Catarrh. Special book on Catarrh and any medical advice free.

THE DREAD OF RABIES.

Out of All Proportion to the Frequency of the Disease.

Few accidents are more terrifying to the sufferer than to be bitten by a dog supposed to be mad, and there are few conditions in which prompt and intelligent action on the part of the bystanders is more desirable.

Although nearly all warm blooded animals are susceptible to rabies, it is most commonly seen in dogs. There are two forms—the "furious" and the "dumb." In the furious type after a period of melancholy or depression the animal becomes restless and irritable, with a tendency to run away and snap at everything in sight, finally becoming subdued and sullen and dying of paralysis and exhaustion. In dumb rabies the stage of irritability is absent. The dog prowls about in a listless way, with his head down and lower jaw dropped. At the same time there is difficulty in swallowing.

It is often impossible to tell from a dog's actions whether it is rabid or not. But if instead of killing the animal as quickly as possible, as is often unwisely done, the owner captures it and keeps it for a few days under lock and key the question answers itself. A rabid dog always dies in from four to eight days, so that if the animal recovers the bitten persons may be sure that they are not going to develop hydrophobia.

In any suspicious case the wound should immediately be squeezed under hot water and if deep be incised freely, so that cauterization with either a hot iron or with strong nitric acid not with lunar caustics may be thoroughly done. At the same time the dog should be kept under observation or if already killed the head and neck should be packed in ice and preserved for medical examination.

Even if it seems certain that the animal was rabid the patient should not despair, for it is estimated that only 15 per cent of those bitten by rabid animals actually develop the disease, and if the Pastour preventive inoculations are promptly begun recovery is almost certain.

The popular dread of rabies is out of all proportion to the relative frequency of the disease, and the length to which it may go is shown by the instances in which people have developed and even died of false hydrophobia, a nervous condition due to fright and simulating to some extent the real malady.—Youth's Companion.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

Sore Nipples and Chapped Hands

Are quickly cured by applying Chamberlain's Salve. Try it, it is a success. Price 25 cents.

SANTA FE FINED.

Judge Wellborn Imposes Penalty Upon Road for Rebating.

Los Angeles, Cal., Nov. 9.—Judge [illegible] in the district court, [illegible] the Atchison, Topeka and [illegible] company $330,000 for rebating. The fine is what the court defined as "intermediate penalty," the maximum of which might have been assessed being $1,432,000, and the minimum $60,000.

The court reviewed the case in a written opinion of some length, in which it is stated that there were sufficient doubtful and extenuating circumstances to preclude the possibility of a maximum sentence and yet sufficient intention of wrong doing shown to make impossible a minimum penalty.

The Santa Fe company was convicted on Oct. 11 last by a jury in the federal court of granting rebates to the Grand Canyon Lime and Cement company of Arizona. It was found guilty of all the sixty-five counts charged in the indictment after but an hour's deliberation. The rebates were given on shipments of lime and cement from Nelson, Ariz., to Los Angeles, ranging in amount from 35 cents to $15.

Judge Olin Wellborn, who imposed the fine of $330,000 on the Santa Fe railroad for rebating, is a native of Georgia, and has a large family connection in the state.

KARATAGH DISASTER.

Over 3,000 Perished in Landslide Superinduced by Earthquake.

St. Petersburg, Nov. 9.—A dispatch received here Thursday from Samarkand by the official telegraph agency says that a special representative of a local paper who was sent to Karatagh, in the Hissar district of Bokhara, which was destroyed by a landslide following the earthquake of Oct. 21, reports that 3,109 persons perished and only seventy escaped.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Almost Baffled Medical Science.

New York, Nov. 9—Infant Paralysis, of which the greatest epidemic known in the history of the world, has just passed over New York city, was a subject of discussion at the New York Academy of Medicine. Concerning its origin and even its treatment there is much mystery, and so far it has proved a disease which has almost baffled medical science.

Child Fatally Burned.

Atlanta, Nov. 9.—Irene Sanders, [illegible] daughter of Mr. and Mrs. J. R. Sanders, was fearfully burned while playing near an open [illegible] of the residence of the parents, [illegible] death resulting [illegible] Grady hospital later in the [illegible]. The mother is also lying in the hospital suffering from severe burns [illegible] in her efforts to extinguish the [illegible] clothing.

LIABILITIES EXPOSITION CO.

They Amount to $2,400,000—$900,000 Due Government.

Norfolk, Va., Nov. 9.—At [illegible] meeting of the board of directors of the Jamestown Exposition company a financial statement was read showing the total liabilities to be $2,400,000, detailed as follows:

Due the government on the $1,000,000 loan, $900,000.

Due on the exposition first mortgage bonds, $100,000.

Due on current liabilities, $675,000.

Due on stock subscriptions to exposition, $132,000.

No statement was rendered as to the assets, but they include $600,000 estimated value of the sewerage, etc., with $500,000 in unpaid stock subscriptions, collectable, which would leave a debit of something over $1,600,000 if the assets are realized upon as estimated.

The committee will consider the feasibility and practicability of reopening the exposition next year and will report at a special meeting of the directors Nov. 15.

A Methodist Minister Recommends Chamberlain's Cough Remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. Negro Publicly Lashed.

Canton, Miss., Nov. 9.—The intense feeling which has existed here for some days, because of crimes committed by negroes, found vent Thursday when Joe Shaw, a negro, was taken from the city jail and publicly lashed by a posse of citizens. Shaw was charged with a breach of the peace and defied arrest, barricading himself in his home, but was finally captured.

Killed by a Falling Tree.

Canuck Ga., Nov. 9.—Henry Reese, aged 21 years, son of Bill Reese, was instantly killed near Canuck on Wednesday afternoon by a tree falling upon him. He was pulling corn and the wind was blowing hard. He was knocked to the ground and his brains crushed out, and he died without uttering a word.

Fell on Steps, Severed Eyeball.

Yatesville, Ga., Nov. 9.—The little 4-year-old child of Thad Persons, of this place, met with a serious accident Thursday. The little one had a pocket knife open and started down the steps and in some way his foot slipped and he fell, inflicting a wound over his right eye, almost severing the eyeball.

EARLY RISING.

It Is Not Good For Those Who Have to Work Hard All Day.

There is no adequate support for the impression that the early morning hours are in any way more wholesome or healthy than later periods of the day. Except in summer time, they are apt to be damp, foggy, chilly and among the least desirable hours of [illegible]. It is quite true that during the summer there is a sense of exhilaration about being abroad in these early morning hours, but this evaporates with the dew and is apt to be succeeded by a corresponding depression and loss of working power later in the day. I have been observing my friends and patients for the past twenty years in this respect and am inclined to the opinion that not a little of the depression and nervousness which so commonly develop in hot weather is due to excessive exposure to light, from habits of early rising, inherited from agricultural ancestors, not counterbalanced by three to four hours' rest in darkened rooms in the middle of the day.

Secondly, that the exhilaration experienced during the early morning hours is an expensive luxury, which has to be paid for later in the day. In fact, I have found that, as a general rule, to put it very roughly, the business or professional man who rises an hour before 7:30 or 8 o'clock goes to bed or loses his working power an hour and a half earlier in the evening. Each individual has in the beginning of his day about so much working power stored up in his brain and muscle cells. If he uses this up with great rapidity in the early morning hours he naturally exhausts his stock the sooner in the afternoon or evening.

It is largely a matter of when a man wishes to be at his best. If his occupation is of such a character that he can clear off the brunt of his work in the early morning hours, then let him rise early. If, on the other hand, he requires full vigor and readiness of mind and body in the latter part of the day or at night, then he must rise later to get it. Even in pure muscle work it is false economy to work too long hours.—American Magazine.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A singular microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM

Is acknowledged to be the most successful remedy in the country for those painful ailments peculiar to women.

For more than 30 years it has been curing Female Complaints, such as Inflammation, and Ulceration, Falling and Displacements, and consequent Spinal Weakness, Backache, and is peculiarly adapted to the Change of Life.

Records show that it has cured more cases of Female Ills than any other one remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels Tumors at an early stage of development. Dragging Sensations causing pain, weight, and headache are relieved and permanently cured by its use.

It corrects Irregularities or Painful Functions, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility; also, Dizziness, Faintness Extreme Lassitude, "Don't care and want to be left alone" feeling, Irritability, Nervousness, Sleeplessness, Flatulency, Melancholia or the "Blues." These are sure indications of female weakness or some organic derangement.

For Kidney Complaints of either sex Lydia E. Pinkham's Vegetable Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Thus she is well qualified to guide sick women back to health. Her advice is free and always helpful.
